CRYSTAL

The Crystal lighting collection is inspired by the elaborate designs of late Georgian era chandeliers. This handcrafted range features many hallmarks of Georgian design including large crystal baluster centrepieces, precision cut glass crystals, candle lights and corresponding bobèche dishes originally used to collect candlewax. These elaborate and romantic features are starkly contrasted with the rustic aged metal patina of our proprietary Antique Rust finish to create its uniquely authentic and Timothy Oulton look. Also available in Grey crystal with a Natural metal finish.
