CRYSTAL CHAIN

Visually strong yet delicate, this contemporary statement pendant is fashioned from a series of elegant hand-polished glass chains with stainless steel accents. Each link in the chain is illuminated by an individual LED, allowing the light to travel through the entire structure for a very atmospheric, ambient effect. The name Crystal Chain also references the infamous exchange of letters by a small group of visionary architects and artists from 1919-1920, fantasizing about the future of design and the myriad of possibilities of glass.
